

## Increase Family-Planning Funds

Title X (ten), the nation's family-planning program, offers confidential reproductive health services, counseling, and education. Without Title X, millions of low-income women and men would go without basic health care. Next year's Title X funding levels are about to be proposed, and we need to ensure that the program gets the funding boost it needs.

**We, the undersigned, urge lawmakers to increase funding for the Title X program in the FY'09 Labor, Health and Human Services, and Education spending bill.**
